

**Number
Gymnastics
Game**

"I'm thinking of a number with 4 as its first digit and 1 as its second digit. What is my number?"

41

41

“What is the
number
if I reverse the
digits?”

14

14

“What number
comes before
that number?”

13

13

“Now add
two.”

15

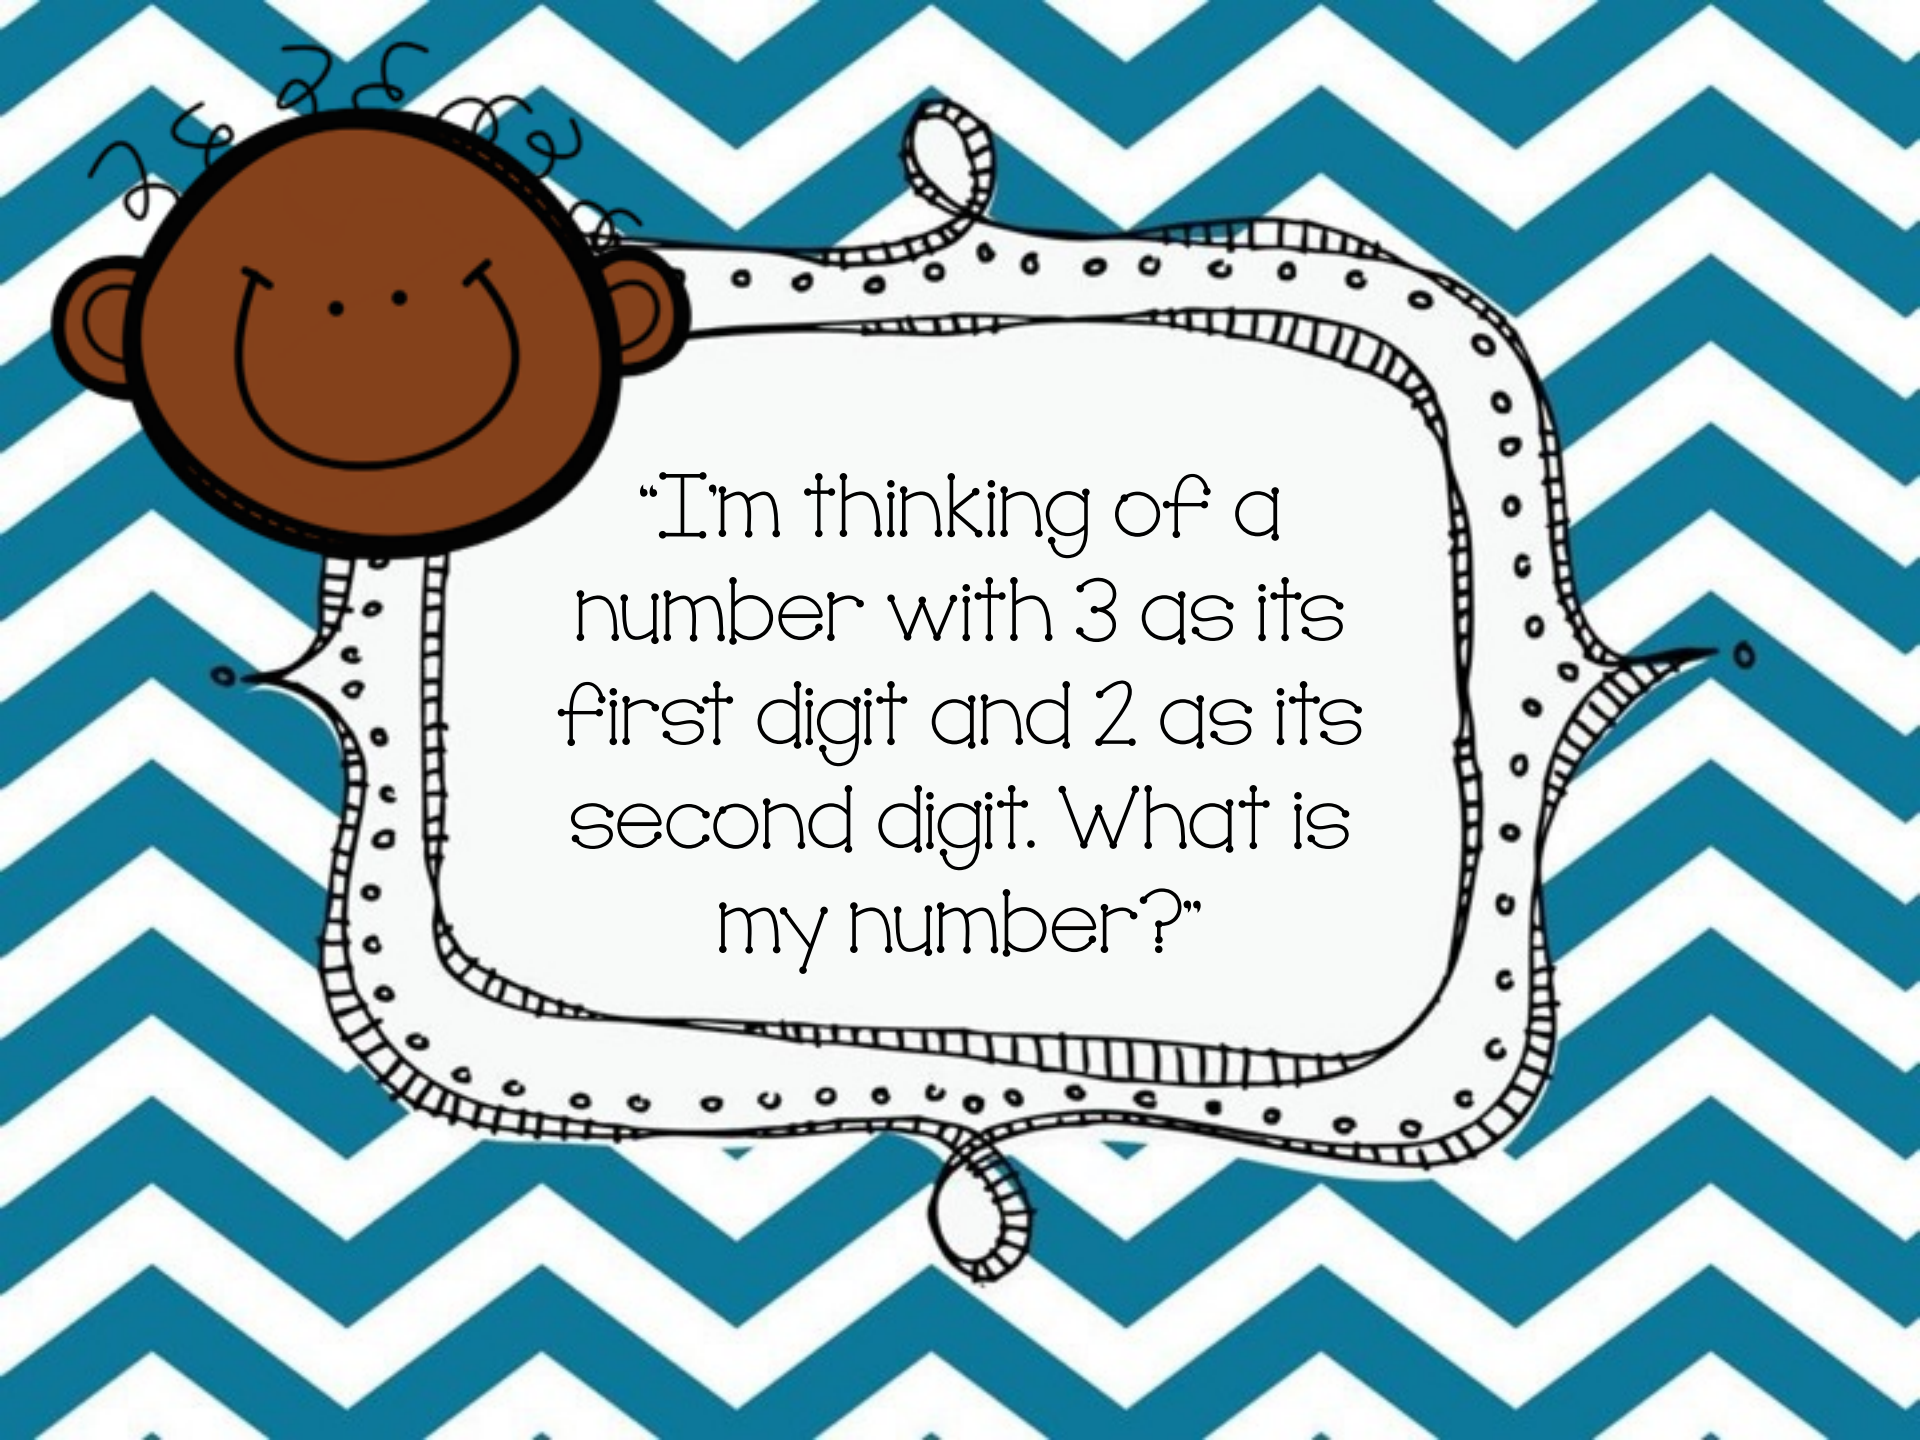

Great!

Now do 20 jumping jacks!

A cartoon monkey with a brown face and a large smile is on the left. A speech bubble with a decorative border of dots and a wavy line extends from its mouth. The background is a blue and white chevron pattern.

“I’m thinking of a number with 3 as its first digit and 2 as its second digit. What is my number?”

32

32

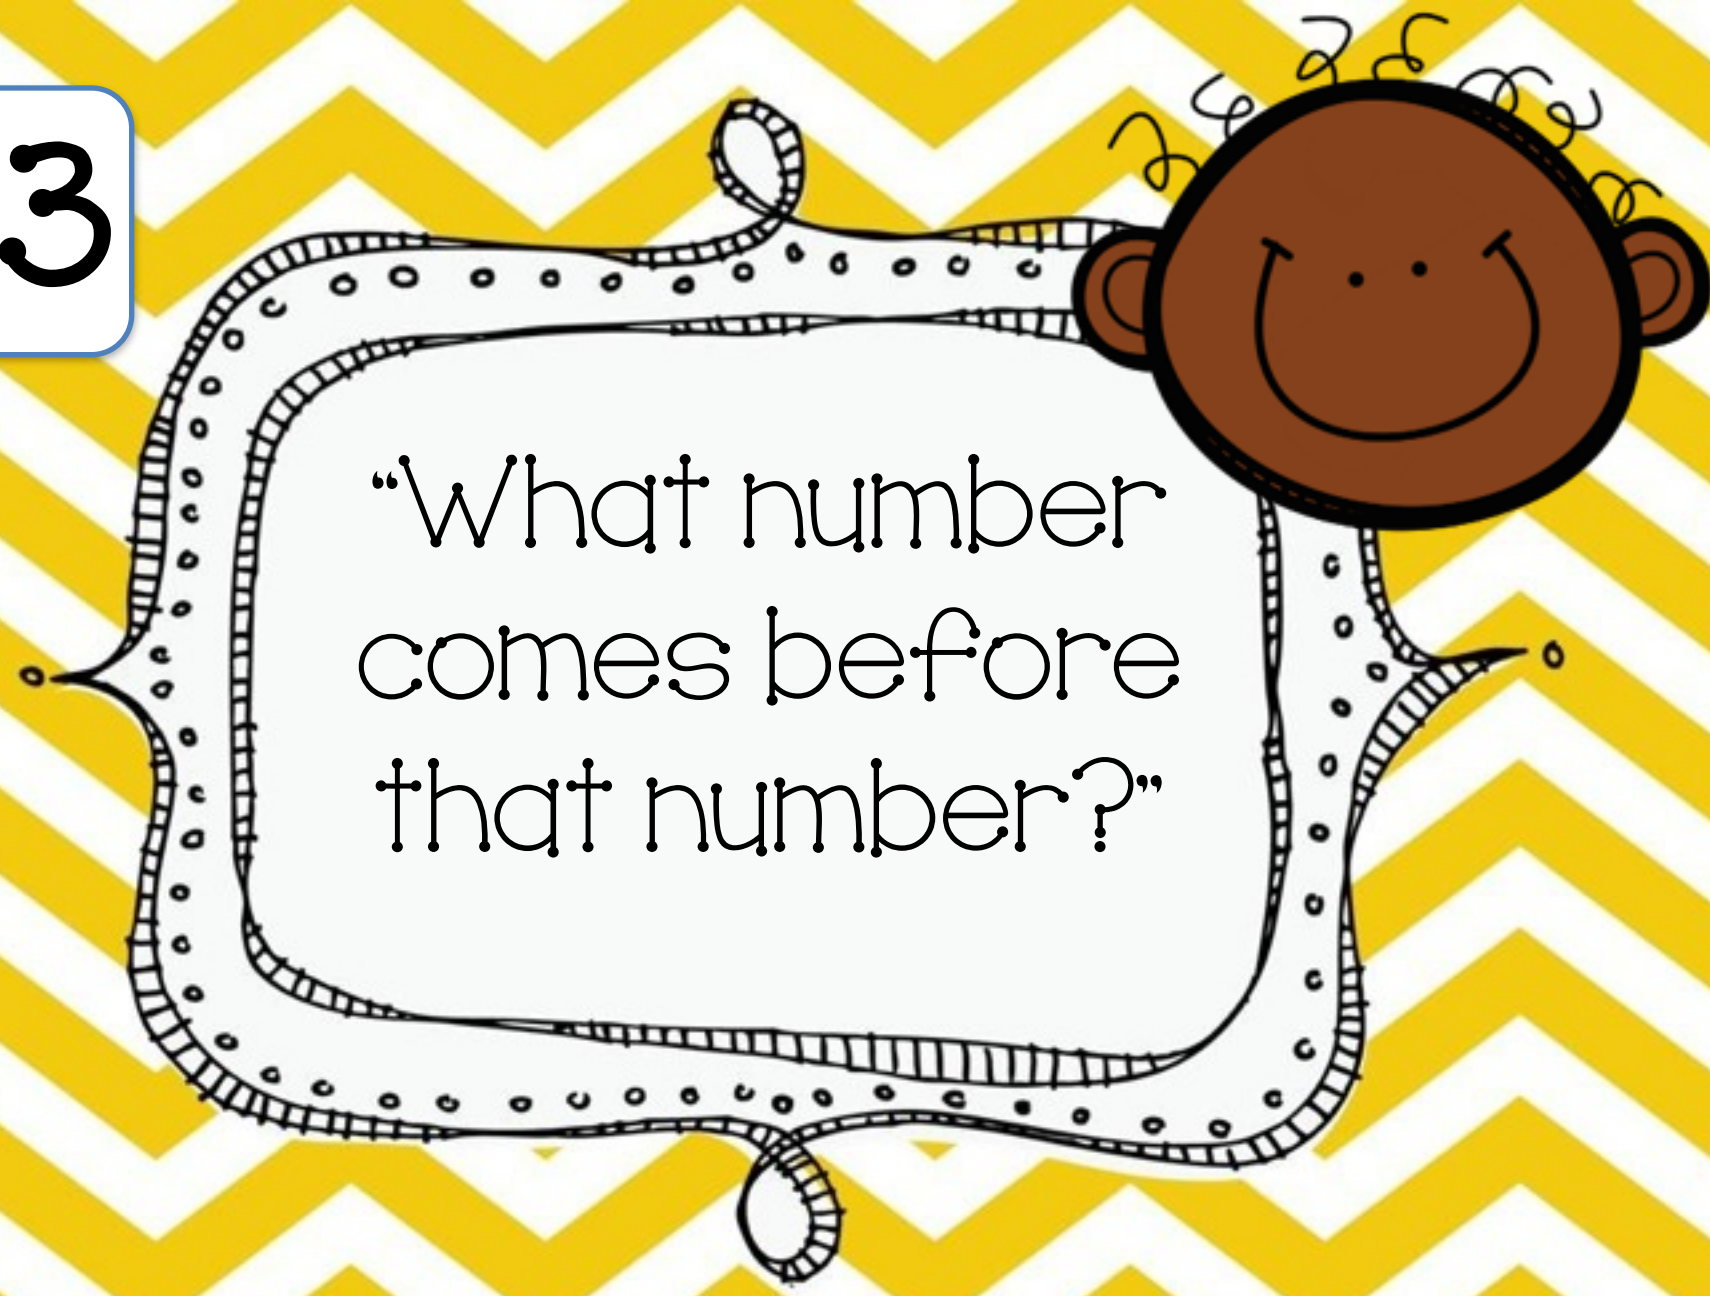

“What is the
number
if I reverse the
digits?”

A decorative frame with a zigzag border and a central white space containing the number 23. The frame is drawn with black lines and features a series of small circles along its inner edge. The background is a repeating pattern of green and white zigzags.

23

23

“What number
comes before
that number?”

22

22

“Now add
two.”

24

Awesome!

Now run in place for 20
seconds!
